

The Extreme Presentation™ Method

Ten Steps to Presentation Impact

How will you measure the success of your presentation?

Who is your (most important) audience?

Have you addressed the concerns of each stakeholder?

What is your objective for this presentation?

What layout will you use for each slide?

What business problem are you helping to provide a solution for?

Which charts will best convey your data?

What evidence are you offering to support your solution?

In what sequence will you present your evidence?

Which anecdotes illustrate your message?
